

Tent 101 Qualifying a Customer for a Tent

Is it going to be on grass or concrete?

Grass-
Canopies can only go on grass

Concrete-
Frames are universal, can go anywhere

What all is going under the tent?

Just tables and chairs? Or will there be other variables, like dance floor, buffet, gift table, drink table, DJ, Etc.

Do they have enough space for the tent?

Canopies-
Needs a 6ft perimeter around tent for ropes and stakes

Frames-
Needs a 1-2ft perimeter around tent to be secured. Can use water barrels or stakes to be secure.

Description of Difference?

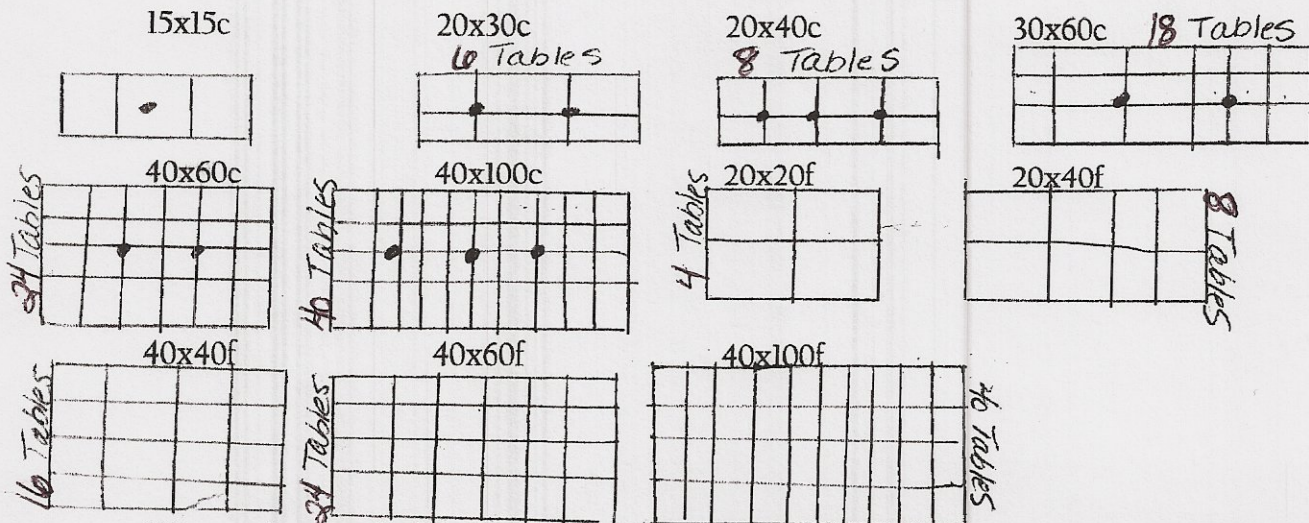

Canopy-
Tension tent that is supported by a 6ft perimeter of ropes and stakes.
Has center poles as well as perimeter Poles.

Frame-
Free-standing structure that can stand alone
This type of tent is supported by water barrels or stakes. Has only perimeter poles
And no center poles.

Can tents be secured on asphalt?

Yes, for canopies we can install on asphalt, however there is an extra charge for installation. Or they can just use a frame tent with water barrels.

Lay out the event?

We can always schedule an appointment for a Party King representative to come out and measure for the event and this will ensure a proper quote & contract.
